The business portal for Berlin

## Welcome to Berlin

The Berlin Business Location Center (BLC) offers services of a quality unparalleled in Europe, providing comprehensive advice to companies wishing to invest and/or do business in the German capital region. Under one roof and in digitally accessible form, the BLC bundles all the information relevant to the success and growth of companies active in Berlin.

BLC works in close collaboration with public agencies, private providers and scientific institutions. Thus, a wealth of information is available free of charge and online: industry-specific data, available real estate, subsidies and economic promotion programs, zoning plans, geo-data as well as labor market data. In addition, BLC will answer your questions about living and working in Berlin, including guidance on educational opportunities and childcare services as well as entertainment and recreation offerings.

### The Berlin Business Location Center:

- » Is a one-stop source of information on how to start a business in Berlin.
- » Presents the city using a cutting-edge virtual, 3D city model.
- » Continually updates its real estate portal listing available office and commercial space.
- » Is part of an expert team comprised of representatives of Berlin-based companies and the local government.

The Berlin Business Location Center was recently selected as one of the locations for the 2011 “Germany – Land of Ideas” campaign and has won several awards of excellence.

## A multi-media introduction to the city

### [www.businesslocationcenter.de](http://www.businesslocationcenter.de)

Navigate to our website to find 800 pages of precisely the information you need to select the optimal location for your business, including key facts and figures, a survey of the region’s most promising growth industries, information on available real estate and useful data on the labor market, as well as guidance on subsidies and economic promotion programs.

### The showroom

Come visit our showroom at the Ludwig Erhard House or at Berlin Brandenburg Airport to watch a multi-media presentation specifically tailored to your needs. In a personal consultation session, we will answer any questions you may have about doing business in our capital city. Our 3D model of Berlin allows you to take a virtual tour of the location of your choice! Our showroom also features computer access to all BLC databanks.

## A one-stop portal for Berlin

### BLC databases and multi-media applications:

#### Real estate portal

Our real estate portal is run completely independently of brokerage firms or property owners. The roughly 1,000 current real estate listings are an invaluable aid to finding your ideal office or commercial space in Berlin.

#### 3D city model

Berlin is the only German city to have developed a completely texturized, three-dimensional urban model covering its entire area. Together with BLC’s guidance on the Berlin economy, the model will help you get a better understanding of the location and surroundings of your future business address in Berlin.

#### The Berlin Economic Atlas

The Berlin Economic Atlas, the city’s official geo-information system, provides you with details regarding the business mix, planning law strictures and infrastructure relevant to any given site in Berlin.

#### The “Talent in Berlin” job portal

Take advantage of Berlin’s first, internationally oriented job portal for technical personnel and executives at [www.talent-in-berlin.com](http://www.talent-in-berlin.com). Search for top talent, at no charge, to ensure your company’s success in the growth industries!
